

TECHNICAL DATA SHEET FLORPROTEC FLORLINER FR

BASE MATERIALS & FEATURES

Florprotec Florliner FR is multifunctional, flame-retardant protective nonwoven with synthetic fibres. Top side with PE sheet acting as barrier against liquids.

CERTIFICATES

Steering wheel (no 0098/2017) according to IMO res. MSC.307(88) – 2010 FTP Code, annex1, part5. Fire classification according to EN 13501-1 Bfl s1.

APPLICATIONS

Florliner range is an antislip backed protection that offers impact protection to smooth floors. It's antislip backing stops the protection from moving around on smooth floors.

ADVANTAGES

Florliner FR was developed specifically in accordance with the fire protection requirements of the International Maritime Organization (IMO) standards. It is a high-quality reliable temporary protection from all kinds of liquids and mechanical damage during dockyard work or minor repairs.
